Where is the IMPACT manual?

Matt Podschweit - 2015-11-06 - 0 Comments - in Courses

In the 2015-16 course, you will find a downloadable PDF file of the IMPACT manual in the resource listing on the left side of the course launch page. Simply click on the chapter course in your dashboard, and look on the left side of the following screen.

In the 2016-17 course, you will find the manual link in the lower left corner of each course page. Clicking on the link will open the manual in a separate tab in your browser.
