## ATTENTION: Friday January 11, 2019 - Recent Server Error

2019-01-11 - Matt Podschweit - in General

At approx. 4 p.m. EST Friday, January 11, 2019, an internal server error caused registrations to the USAV Academy to fail for about an hour. Registrations executed after 5 p.m. Friday, January 11, 2019 have executed successfully. Our host is currently working on a solution. Updates will be posted in this news feed. We thank you for your patience while we solve this issue.
